

Dear Colleague:

I have found a speaker you may be looking for.

We had the pleasure of inviting Randall Munson to address our **Texas CPA Convention** at Lake Tahoe. His creative presentation was the highlight of our conference. Our members and their spouses were captivated and inspired by the engaging presentation of this celebrated speaker.

Our CPAs tend to be "all business" at our meetings and, quite frankly, they can be brutal in their analysis of speakers. However, Randall's presentation received an **outstanding** rating. His unique presentation style combined warmth, humor, and magic, in a way that really brought his important message home to our participants.

His professionalism, thoroughness, and genuine courtesy made him a delight to work with. He made my job much easier.

As you plan your events, I **highly recommend Randall Munson**; a refreshing speaker you will be proud to feature on your program.

Please feel free to call me if you want additional information about my recommendation of Randall Munson.

Sincerely,

A handwritten signature in black ink that reads "Judy Neathery".
